

Los Angeles Pierce College 2024-2025 General Catalog Addendum A

KEY

- **Yellow highlighted text** = New/Addition
- ~~Strikethrough text~~ = Deletion

I. New (Effective Fall 2024 unless stated otherwise)

New Courses

- NATIVAM 170, 171

New Ethnic Studies Graduation Requirement Course in LAPC GE Pattern 2024-2025

- Added CHICANO 047

New UC Transferable Courses

- ENGLISH 125

New UC Transfer Limits

- Updated UC transfer limits for ARC 162; EGD TEK 101, 111, 210, 310; MATH 227, 228B, 229; SOC 125; STAT 101
- Removed UC transfer limits for BIOLOGY 011A, 011B, 011C, 121, 122, 123

New C-ID Approval for Courses

- COMM 190 for COMM 103
- PH 100 for HEALTH 011
- PH 101 for HEALTH 101
- PH 102 for HEALTH 102
- PH 116 for HEALTH 008

New Smoking Policy

- Updated language

II. Corrections (Effective Fall 2024 unless stated otherwise)

Correction to Anthropology AA-T

- Added ANTHRO 121 to List A. Removed ANTHRO 121 from List C.

Correction to Geography AA-T

- Updated course title for GEOG 036

Correction to Geographic Information Systems Certificate of Achievement

- Updated course title for GEOG 036

Correction to Course Title and Course Description

- Updated course titles and course descriptions for GIS 036 and GEOG 036

Correction to GED Preparation and Foundational Skills Certificate of Competency

- Added BSICSKL 026CE. Removed VOC ED 187CE.

Correction to Orchard and Nursery Skills Skills Certificate

- Removed PLNT SC 820 due to course being archived

Correction to Administrative Procedure (AP) 4020, 4225, 4235

- Updated Administrative Procedure language, last revised in August 2024

I. New

New Courses

Native American Studies (NATIVAM)

170 Introduction to American Indian Studies (3) CSU

Lecture 3 hours.

Students examine American Indian cultures in North America from early cultures to contemporary society. A cross-disciplinary approach examines applicable methods and theories that inform the distinct cultural and political organization, analyze and articulate concepts such as race, ethnicity, equity, ethnocentrism, self-determination, liberation, and settler colonialism by applying theory and knowledge produced by Native Americans.

171 History of American Indian Nations (3) CSU

Lecture 3 hours.

This course focuses on the historical, economic, and cultural development of American Indian Peoples-Nations in the Americas, especially in relationship to the United States. Emphasis is upon ancient, imperial, colonial and contemporary relationships including the historical themes of sovereignty, treaty-making, constitutional development, frontiers and the reservation era, race, resistance, revitalization, ethnogenesis, assimilation, decolonization and resilience of American Indian Nations histories, sources, traditions, identities and communities.

New Ethnic Studies Graduation Requirement Course in LAPC GE Pattern 2024-2025

Ethnic Studies Graduation Requirement:

New students enrolling for the first time at a LACCD campus in Fall 2023 or later, or a returning student, must complete one Ethnic Studies course to graduate with an Associate Degree. Students with catalog rights established prior to Fall 2023 are exempt from this requirement.

Complete one course in Ethnic Studies below. Course may double-count in a LACCD GE area.

CHICANO 004, 008, 047

New UC Transferable Courses

125 Short Story Writing II (3) UC:CSU

Lecture 3 hours.

Prerequisite: English 124 with a grade of "C" or better.

This course is a continuation of English 124 with the opportunity to write longer, more complex works of experimental fiction suitable for publication.

New UC Transfer Limits

Course	UC Transfer Limitation
ARC 162; EGD TEK 101, 111, 131 , 210 and 310 combined	EGD TEK 101, 111, 131 , 210, 310 and ARC 162 combined: maximum credit, 8 semester/12 quarter units
BIOLOGY 011A, 011B, 011C combined	BIOLOGY 011A, 011B, 011C combined must be taken for a minimum of 3 units to receive transfer credit. Note: courses taught in modules – 1 module = 1 unit
BIOLOGY 121, 122 and 123 combined	BIOLOGY 121, 122 and 123 combined: maximum credit, 5 semester units
EGD TEK 101, 111, 131 , 210, 310 and ARC 162 combined	EGD TEK 101, 111, 131 , 210, 310 and ARC 162 combined: maximum credit, 8 semester/12 quarter units
MATH 227, 228B, 229, SOC 125 and STAT 101 combined	MATH 227, 228B, 229, SOC 125 and STAT 101 combined: maximum credit, 1 course
SOC 125, MATH 227, 228B, 229 and STAT 101 combined	SOC 125, MATH 227, 228B, 229 and STAT 101 combined: maximum credit, 1 course
STAT 101, MATH 227, 228B, 229 and SOC 125 combined	STAT 101, MATH 227, 228B, 229 and SOC 125 combined: maximum credit, 1 course

New C-ID Approvals for Courses

Communication Studies (COMM)

103 Persuasion (3) UC:CSU

Lecture 3 hours.

Prerequisite: English 101 with a grade of “C” or better.

This course focuses on composition, critical thinking, inductive and deductive reasoning, fallacies, persuasive writing, theories of strategic communication in persuasive messages, campaigns, advertisements and argumentation.

C-ID: COMM 190

Health

008 Women’s Personal Health (3) *UC:CSU

Lecture 3 hours.

In this course, Women’s Personal Health, students will examine Socio-cultural influences, 7-dimensions of wellness, holistic health options, and factors that contribute to the overall well-being of women’s health such as: breast and cervical cancer, cardiovascular disease risk factors, stress management, menopause/PMS, birth control/pregnancy, Sexually Transmitted Diseases and disease prevention.

(CSU GE Area E)

C-ID: PH 116

*UC Credit Limit: Health 002, 007, 008, 011 and 043, any or all of these courses combined: maximum credit, one course.

011 Principles of Healthful Living (3) *UC:CSU

Lecture 3 hours.

Not an activity class.

Note: Credit given for either Health 10 or Health 011, but not both.

In this course, students will examine health concepts to use today and tomorrow as guidelines for self-directed responsible living. Emphasis is placed on relating health concepts to the student's mental, emotional, spiritual, and physical well-being. Topics include nutrition, exercise, weight control, mental health, stress management, violence, substance abuse, reproductive health, disease prevention, aging, healthcare, and environmental hazards and safety.

(CSU GE Area E)

C-ID: PHS 100PH 100

***UC Credit Limit:** Health 002, 007, 008, 011 and 043, any or all of these courses combined: maximum credit, one course.

101 Introduction to Public Health (3) UC:CSU

Lecture 3 hours.

This course provides an introduction to the discipline of Public Health. Students explore the basic concepts and terminologies of public health and the history and accomplishments of public health officials and agencies. An overview of the functions of various public health professions and institutions and an in-depth examination of the core public health disciplines are covered. Topics of the field include the epidemiology of infectious and chronic disease; prevention and control of diseases in the community, including the analysis of the social determinants of health and strategies for eliminating disease, illness, and health disparities among various populations; community organizing and health promotion programming; environmental health and safety; global health; and health care policy and management.

C-ID: PH 101

102 Health and Social Justice (3) UC:CSU

Lecture 3 hours.

This course provides an introduction to the health inequities in the United States that stem from unequal living conditions. Students will explore how education, socioeconomic status, racism, and gender shape health epidemics and policy development. Fundamental theories to advocate for health and social justice will be explored, and community organizing approaches will be practiced.

C-ID: PH 102

Smoking Policy

~~Smoking is not permitted in any classroom or other enclosed facility. Smoking is permitted in designated areas only.~~

OVERVIEW

Los Angeles Pierce College is committed to providing a safe and healthy environment for its students, employees, and visitors. In light of evidence that the use of tobacco and nicotine as well as exposure to secondhand smoke and aerosol (commonly referred to as "vapor") from electronic smoking devices pose significant health and environmental hazards, the College has established a smoke, vapor and tobacco-free environment.

PROVISIONS

The smoke and tobacco free policy includes all Los Angeles Pierce College indoor and outdoor areas. Smoking and the use of any tobacco product is prohibited at all times on all College properties, grounds and buildings within the Los Angeles Pierce College, including parking lots and within personal vehicles on College property.

This regulation applies to employees, students, visitors, and other persons who enter any College property as described above.

Such products will also not be sold or distributed on campus property.

No advertising or marketing of such products shall be permitted on College property or in publications produced by the College.

Except as provided below, Tobacco is not permitted on any College Owned or Leased Property, including any portions of such Property that may have been previously designated smoking areas.

- Tobacco Use may be permitted in connection with research if it adheres to all federal and state regulatory requirements, EH&S health and safety guidelines, or in connection with research approved in writing by the UCLA Institutional Review Board or Animal Research Committee.
- Smoking or Tobacco Use may be permitted for traditional ceremonial activities of recognized cultural and/or religious groups with prior written approval of the sponsoring department, the LAPC Events Office and the Fire Marshal's Office.

DEFINITIONS

"Electronic Smoking Device" means an electronic device that may be used to deliver any aerosolized or vaporized substance to the person inhaling from the device, including but not limited to, an e-cigarette, e-cigar, e-pipe, vape pen, or e-hookah.

"Smoking" means inhaling, exhaling, or burning any tobacco, nicotine, cannabis, or plant product, whether natural or synthetic, such as cigar, cigarette, cigarillo, pipe, or any other lighted, heated, or activated tobacco, nicotine, cannabis or plant product intended for inhalation. "Smoking" also means using an electronic smoking device or hookah.

"Tobacco Product" means any product containing, made from, or derived from tobacco or nicotine that is intended for human consumption or is likely to be consumed, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff, or snus; and any electronic smoking device and any substances that may be aerosolized or vaporized by such device, whether or not the substance contains nicotine. "Tobacco Product" does not include a product that has been approved by the U.S. Food and Drug Administration for sale as a tobacco treatment product marketed and sold solely for such an approved purpose.

Correction to Course Title and Course Description

Geographic Information Systems (GIS)

036 ~~Cartography and Base Map Development~~ Cartographic Design and Visualization (3) UC:CSU

Lecture 2 hours. Laboratory 2 hours.

Corequisite: Concurrent enrollment in Geography 025 or Geographic Information Systems 025. Previous completion of Geography 025 or Geographic Information Systems 025 with a grade of “C” or better is allowable.

Same as Geography 036. Credit not given for both courses.

~~Students will receive a comprehensive study of GIS cartography including cartographic principles, data acquisition methods used in map production, and methods of base map development. The course will include an in-depth study of cartography (history, principles, map projections, scales, and map accuracy). Methods of data acquisition will include the basic principles used in remote sensing, aerial images and the use of Global Positioning Systems (GPS) in the field for map feature locations. Techniques used in GIS base map development (scanning, digitizing and coordinate geometry) will also be introduced. The course will include production of professional quality maps using ArcGIS software.~~ This course will introduce students to cartographic design principles and map development. The course will review the cartographic principles, data acquisition methods in map production, and development of web maps and web applications. The course will include basics of designing principles in cartography, symbolizing thematic maps, customizing symbols, data acquisition and processing from online sources, and map development techniques. The course will include the production of professional quality printed maps using Esri’s ArcGIS Pro/Arc GIS Software and development of web interactive maps using ArcGIS Online Maps and Webapps.
